RE: Marsh McLennan Agency (MMA)
Chattanooga, TN

Dear Sir or Madam:

Please consider this present correspondence as a robust endorsement for MMA and their brokerage team headed by Vince Carelli. MMA has been our brokerage service for many years helping us mitigate professional exposures for both our mutual insurance company and non-profit federation.

We have found Mr. Carelli and team to not only be responsive to our instructions but, diligently proactive in addressing our insurance needs by finding, negotiating, and presenting the best alternatives available to us on the market. The administrative staff is painstakingly consistent in helping us to stay on track through the quoting and application process for both new policies and renewals.

It is a great asset for a company like Oklahoma Farm Bureau Insurance and affiliated companies to have a trusted and dependable partner like MMA to help us transfer our professional liability risk which, in turn, allows us to get about the business of protecting and serving our own customers.

Respectfully,

A handwritten signature in blue ink that reads 'Paul Springer'.

Paul Springer, CPCU

Underwriting Consultant for, and former Vice President of, Oklahoma Farm Bureau Insurance
